

Invitation for Bid/Request for Proposal

When UHD identifies a need for goods or services, it solicits competitive bids or proposals from qualified firms on the state's Centralized Master Bidders List or from other suggested sources.

The agency staff may solicit bids or proposals from all prospective bidders who have a record of fulfilling contracts in a timely manner at a fair and reasonable price. Prospective bidders who do not receive a solicitation may request specific invitations prior to the scheduled bid opening.

For information on current contracting opportunities, contact the UHD Purchasing Department.
